- Flexible arm

**PHILIPS**

# Highlights

## High quality LED light

The LED technology, integrated into this Philips lamp, is a uniquely developed solution by Philips. While instantly turned on, it enables an optimal light output and brings out vivid colors in your home.

## Cool white light

Light can have different color temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips light offers cool white light that keeps you energised.

## Energy saving

This Philips energy saving lamp conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

## Flexible arm

Flexible arm

## Maximum brightness

This Philips desk lamp is designed specifically for desk-based activities like doing homework

or browsing the news on the laptop. When you switch it on it immediately provides just the right brightness for maximum comfort.

## On/off switch on article

With the button discreetly integrated onto the lamp, you can easily switch the light on and off.

## Perfect for task lighting

This Philips desk lamp casts bundled light that provides even illumination on the working area.
